## Course summary

This one day course aims to provide nurses with the knowledge and skills for developing their clinical career as a nurse in cardiology. This face to face course is delivered through a blend of clinical teaching, advice on careers development and management skills. The course is run jointly by nurses and doctors and is all built into a one day programme featuring excellent speakers and sessions for interactive discussion. We hope you can join us for this exciting inaugural course.

## CERTIFICATE OF ATTENDANCE

A certificate of attendance (in the name of the participant) will be made available to the delegate once the feedback survey has been completed and attendance validated. Certificates will only be available to those who have pre-registered for this event and attend in person the full day course on 29th April 2024. Note that this course is not being run as a hybrid event.
